ADA, OKLAHOMA, FRIDAY EVENING, OCTOBER 30, 1908

NUMBER 185

NIGHTRIDERS' CONSTITUTION

Union City, Tenn., Oct. 29.—It is reported here this morning on what is considered good authority that the constitution and by-laws of the night riders were procured and brought here yesterday, and it is believed will be placed in the hands of the grand jury. The constitution and by-laws, among other things, provides that no bank or trust company will be permitted to make any loans, large or small, for a greater rate of interest than 6 per cent, and further, that after the first day of July, 1909, no farmer will be allowed to employ any colored help on his farm, and that all negroes will be notified to leave the county, under penalty of death; that all merchants shall sell their goods and merchandise at not to exceed 10 per cent profit, and otherwise regulating all wages to be paid by the farmer for help and regulating the price of all farm products to be sold, cotton, corn, etc.

These by-laws show that the organization does not only comprise the night riders of Obion County, but includes night rider organizations all over the country.

Militia Weeding Out Prisoners.

Camp Nemo, Reelfoot Lake, Tenn., Oct. 29.—Today was a quiet one with the militia here. No detachments went out in search of night rider suspects or witnesses and but one prisoner was brought in by the civil authorities.

Gov. Patterson had a number of suspects and witnesses before him today, among them Frank Ferriner, who made a confession Wednesday night. Ferriner is kept under strict guard and it is believed he will escape severe punishment because of having turned state's evidence, but nothing has been promised him. The

weeding out of prisoners has begun and thirty-five who have been able to give satisfactory accounts of themselves were released today.

BRYAN AT SHERMAN'S HOME

Utica, N. Y., Oct. 29.—Paying a visit to Utica, the home of James S. Sherman, republican vice presidential nominee, William J. Bryan, the democratic candidate for president, got a great demonstration.
"It was one of the best meetings of the campaign," he said, upon returning to his car. The opera house where he spoke, was inadequate to accommodate the crowd which had assembled to hear him and he made an overflow talk to double the number outside. In his remarks, Mr. Bryan discussed the issues of the campaign generally and put to a vote several of the questions embraced in the democratic platform. These included publicity before the election of campaign contributions; election of senators by the people and a labor representative in the cabinet. No hand was raised when he asked if there was any one present who believed the propositions laid down in the republican platform were right. "I will ask," said he, "the newspaper men traveling with me, to send out to the country the fact that the home of Mr. Sherman does not indorse the action of the republican national convention. "Is it a condemnation of that convention," he asked, "which so outrageously misrepresented the sentiment of the people, both republican and democrats?"

Mrs. H. Whittaker and daughter, Mrs. S. S. Chism, came in from Philadelphia this afternoon for a visit with Mr. and Mrs. W. S. Whittaker.

Mrs. Ethel Lewis returned to Sulphur today.

ROCKEFELLER---TAFT

New York, Oct. 29.—In making public the announcement today of his intention to support Judge Taft for the presidency, John D. Rockefeller said, in the statement which was issued from No. 26 Broadway, that he felt the more impelled to answer the question as to which party he would uphold next Tuesday, "because it can not be said that the present administration has in any way whatever favored the special interest to which my life has been devoted."

"It seems to me at this time, when the question is put directly to any American citizen which candidate he will support by his vote for the presidency, he should be manly enough to answer it just as directly. I therefore say that I expect to cast my vote for William H. Taft," Mr. Rockefeller said.

"If for no other reason, I support Mr. Taft because on comparing his personally with Mr. Bryan, his chief opponent, I find the balance of fitness and temperament entirely on his side. The election of Mr. Taft will, I believe, make for law and order and stability of business. He is not a man, I judge, to adventure with rash experiments; to impede a return to prosperity by advocating measures subversive of industrial progress.

"The question of candidates seems to me peculiarly a personal one in this campaign, as the leading orators on both sides have not succeeded in drawing party lines, as based on platforms, with any great clearness. I do, however, support the general republican position on the tariff and the currency. I have always been a republican.

"I feel the more impelled to answer this question because it can not be said that the present administration has in any way favored the special interest to which my life has been devoted. That, however, does not excuse me from publishing my opinion and doing what I consider my duty as a citizen."

Syracuse, N. Y., Oct. 29.—Mr. Bryan tonight was shown telegrams saying:

"John D. Rockefeller in signed statement says he is for Taft and that temperamentally he is superior to Bryan."

When Mr. Bryan was asked if he cared to comment upon this, he laughed uproariously, made a sweeping bow and said:

"After you, my dear Mr. Roosevelt."

Loans on City Property.

The Grafters State Committee, which sometimes usurps the name of the Republican State Committee is running the story over the country that the state school fund is used to make loans on city property in Oklahoma City, El Reno, Enid and other places.

This is a falsehood and the committee that is putting it out and the speakers that are quoting it in their speeches know that they are not telling the truth when they make this statement.

In no instance has a single mortgage loan been made from the school fund on anything but improved farm property. The Constitution of Oklahoma written by ninety-nine democrats requires that these loans be made on improved farm lands only. There is a provision of law, however, which says that this state school money is to be deposited in limited amounts in the different banks of the state as a temporary deposit until checked out to make farm loans or purchase county or state bonds, and while so deposited the bank gives collateral security which may be county warrants, state warrants, mortgages on any kind of improved real estate, and other classes of collateral named in the statute, and when those newspapers and speakers tell you that such loans are made, you tell them there is a standing offer of one hundred dollars in cash offered by the Secretary of the School Land Department to any one who will show that a single city property loan has ever been made.

L. D. MARR,
Secretary School Land Department.

Keep up the beginning in public improvements, and let citizens who can afford it, beautify their homes by putting down sidewalks, planting trees, painting and whitewashing. Let everyone co-operate in making it the Ada beautiful.

It is a common occurrence for the hotels of Ada to be so crowded that late comers cannot secure beds. This indicates an interest being manifested in the city by prospectors, as well as an increase in travel and business centering here.

You must of necessity keep everlastingly hammering away if you wish to get results.—Denison Herald.
It is upon this theory that the News persistently urges the building of good roads, the paving of streets and laying of sidewalks, the painting and whitewashing of residences, and outhouses and fences, the planting of trees, putting out shrubbery and flowers.

The night rider kills people that he may get a higher price for his product. The highwayman kills in order that he may get money. The object

of murder in both instances is money. The night rider and the highwayman are on the same plane, with the exception that the highwayman rarely kills women and children or tortures his victims.—Denison Herald.
Still, you will hear supposed law-abiding people condoning the offenses of night-riders and law-breakers.

The national campaign is about closed, and it has been a memorable one. It has been noted in one exceptional particular by the attempt of the managers of both parties to appeal to the honesty and patriotism of the voters and to impress upon these sovereigns the uprightness and integrity of the leaders of the respective parties. The day is passed for the man of a tainted record or questionable private character, to occupy a position of honor, either as a candidate or prominent in party councils, in national campaigns. The great body of people will not longer submit passively to the tricky candidate or leader, if they know his character.

Without much doubt Mr. Bryan is the choice for president of a decided majority of the American people, and were they left uninfluenced to cast their ballots, he would be victorious. But, with a reported slush fund of four million dollars, contributed by the special interests that have thrived under republican rule, with the view of debauching the voters in the doubtful states, it may be possible to gain the election of Mr. Taft. The great industrial concerns, railroads and other corporations, have been appealed to by the republican managers to exert their influence as employers and make it plain to the laborer that a continuation of employment depends upon the election of Taft. This is most effective argument, or rather coercion and when resorted to, as has previously been done in national campaigns, has turned the tide in favor of the republican candidate from

Just think it over. Are you in favor of the sale of the school lands of the state—about three million acres of splendid land—when the proposed plan of sale puts the whole machinery in the hands of the men who will buy them? It the lands ought to be sold, as many beleive, ought they not be sold on the square, and not be means of phony bids, worked in the interest of the members of the land lobby?—Muskogee Times-Democrat.

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always be careful, and use the irritant bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label, if poisons are in your Cough Mixture." Good! Very good! Hereafter for the very reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the difference. No poison marks there! You can always be on the safe side by demanding

Served as coffee, the new coffee substitute known to grocers everywhere as Dr. Shoop's Health Coffee, will trick even a coffee expert. Not a grain of real coffee in it either. Pure healthful toasted grains, malt, nuts, etc., have been so cleverly blended as to give a wonderful satisfying coffee taste and flavor. And it is "made in a minute," too! No tedious 20 to 30 minutes boiling. Test it and see, Dr. Shoop created Health Coffee that the people might have a genuine coffee substitute, and one that would be thoroughly satisfying in every possible respect. Sold by R. S. Stomach troubles would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and one to the kidneys. When these "inside nerves" fail, then the organs must falter. Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 58 hours after starting the Restorative treatment patients say they realize a gain. Sold by G. M. Ramsey. 156-1mo

Baptist State Convention Favors the Plan.

Muskogee, Ok., Oct. 29.—What promised to be a warm fight over a resolution endorsing the state dispensary system was squelched tonight, when Senator Billups, in a lengthy address championed the resolution, swung the Baptist State convention in line and the following resolution, presented was unanimously adopted:

"The Baptists of Oklahoma, in general State convention assembled, record with pride the forward step taken by the people of Oklahoma in the adoption of State-wide prohibition. We congratulate the Legislature in the enactment of the Billups prohibition enforcement law and we endorse same in its entirety and earnestly recommend its adoption in its entirety."

NIGHTRIDERS' CONSTITUTION

Union City Tenn Oct 29—It is reported here this morning on what is considered good authority that the constitution and by laws of the night riders were procured and brought here yesterday and it is believed will be placed in the hands of the grand jury. The constitution and by laws among other things provides that no bank or trust company will be permitted to make any loans large or small for a greater rate of interest than 6 per cent and further that after the first day of July 1909 no farmer will be allowed to employ any colored help on his farm and that all negroes will be notified to leave the county under penalty of death that all merchants shall sell their goods and merchandise at not to exceed 10 per cent profit and otherwise reselling all wages to be paid to the farmer for help and a similar thing the price of all farm products to be sold cotton corn etc

These by laws show that the organization does not only comprise the night riders of Otton County but includes night rider organizations all over the country

Militia Wedding Out Prisoners.
Camp Nemo Redfoot Lake Tenn Oct 29—Today was a quiet one with the militia here. No detachments went out in search of night rider suspects or witnesses and but one prisoner was brought in by the civil authorities

Gov Patterson had a number of suspects and witnesses before him today among them Frank Fertner who made a confession Wednesday night Fertner is kept under strict guard and it is believed he will escape severe punishment because of having turned state's evidence but nothing has been promised him. The

weeding out of prisoners has begun and thirty five who have been able to give satisfactory accounts of themselves were released today

BRYAN AT SHERMAN'S HOME

Utica N Y Oct 29—Paying a visit to Utica the home of James S Sherman republican vice presidential nominee William J Bryan the democratic candidate for president got a great demonstration

It was one of the best meetings of the campaign he said upon returning to his car. The opera house where he spoke was inadequate to accommodate the crowd which had assembled to hear him and he made an overflow talk to double the number outside. In his remarks Mr Bryan discussed the issues of the campaign generally and put to a vote several of the questions embraced in the democratic platform. These included publicly before the election of campaign contributions election of senators by the people and a labor representative in the cabinet. No hint was raised when he asked if there was any one present who believed the propositions laid down in the republican platform were right. I will ask said he the next men traveling with me to send out to the country the fact that the home of Mr Sherman does not endorse the action of the republican national convention

Is it a condemnation of that convention he asked which so outrageously misrepresented the sentiment of the people both republican and democratic?

Mrs H Whittaker and daughter Mrs S S Chlson came in from Philadelphia this afternoon for a visit with Mr and Mrs W S Whittaker

Mrs Ethel Lewis returned to Sulphur today

ROCKEFELLER--TAFT

New York Oct 29—In making public the announcement today of his intention to support Judge Taft for the presidency John D Rockefeller said in the statement which was issued from No 26 Broadway that he felt the more impelled to answer the question as to which party he would uphold next Tuesday because it can not be said that the present administration has in any way whatever favored the special interest to which my life has been devoted

It seems to me at this time when the question is put directly to any American citizen which candidate he will support by his vote for the presidency he should be mainly enough to answer it just as directly I therefore say that I expect to cast my vote for William H Taft Mr Rockefeller said

If for no other reason I support Mr Taft because on comparing his personality with Mr Bryan his chief opponent I find the balance of fitness and temperament entirely on his side. The election of Mr Taft will I believe make for law and order and stability of business. He is no man I prize to adventure with rash experiments to impede a return to prosperity by advocating measures subversive of industrial progress

The question of candidates seems to me peculiarly a personal one in this campaign as the leading orators on both sides have not succeeded in drawing party lines as based on platforms with any great clearness. I do however support the general republican position on the tariff and the currency. I have always been a republican

I feel the more impelled to answer this question because it can not be said that the present administration has in any way favored the special interest to which my life has been devoted. That however does not excuse me from publishing my opinion and doing what I consider my duty as a citizen

Savannah N Y Oct 29—Mr Bryan tonight was shown telegrams saying

John D Rockefeller in signed statement says he is for Taft and that temperamentally he is superior to Bryan

When Mr Bryan was asked if he cared to comment upon this he laughed uproariously made a sweeping bow and said

After you my dear Mr Roosevelt

Loans on City Property.

The Grafters State Committee which sometimes usurps the name of the Republican State Committee is running the story over the country that the state school fund is used to make loans on city property in Oklahoma City El Reno Enid and other places

This is a falsehood and the committee that is putting it out and the speakers that are quoting it in their speeches know that they are not telling the truth when they make this statement

In no instance has a single mortgage loan been made from the school fund on anything but improved farm property. The Constitution of Oklahoma written by ninety nine democrats requires that these loans be made on improved farm lands only. There is a provision of law however which says that this state school money is to be deposited in limited amounts in the different banks of the state as a temporary deposit until checked out to make farm loans or purchase county or state bonds and while so deposited the bank gives collateral security which may be county warrants, state warrants mortgages on any kind of improved real estate and other classes of collateral named in the statute, and when those newspapers and speakers tell you that such loans are made you tell them there is a standing offer of one hundred dollars in cash offered by the Secretary of the School Land Department to any one who will show that a single city property loan has ever been made. L D MARR, Secretary School Land Department

Keep up the beginning in public improvements and let citizens who can afford it beautify their homes by putting down sidewalks, planting trees, painting and whitewashing. Let everyone co-operate in making it the Ada beautiful.

It is a common occurrence for the hotels of Ada to be so crowded that late comers cannot secure beds. This indicates an interest being manifested in the city by prospectors as well as an increase in travel and business continuing here.

You must necessarily keep everlastingly hammering away if you wish to get results.—Dunson Herald

It is upon this theory that the News persistently urges the building of good roads, the paving of streets and laying of sidewalks, the painting and whitewashing of residences and outhouses and fences, the planting of trees, putting out shrubbery and flowers.

The night rider kills people that he may get a higher price for his product. The highwayman kills in order that he may get money, the object

of murder in both instances is money. The night rider and the highwayman are on the same plane with the exception that the highwayman rarely kills women and children or tortures his victims.—Dunson Herald

Still you will hear supposed law abiding people condoning the offenses of night riders and law breakers.

The national campaign is about closed and it has been a memorable one. It has been noted in one exceptional particular by the attempt of the managers of both parties to appeal to the honesty and patriotism of the voters and to impress upon these sovereigns the uprightness and integrity of the leaders of the respective parties. The day is passed for the man of a tainted record or questionable private character to occupy a position of honor either as a candidate or prominent in party councils in national campaigns. The great body of people will not longer submit passively to the tricky candidate or leader if they know his character.

Without much doubt Mr Bryan is the choice for president of a decided majority of the American people and was they left unimpeded to cast their ballots he would be victorious. But with a reported slush fund of four million dollars contributed by the special interests that have thrived under republican rule with the view of deluding the voters in the doubtful states it may be possible to gun the election of Mr Taft. The great industrial concerns, railroads and other corporations have been appealed to by the republican managers to exert their influence as employers and make it plain to the laborer that a continuation of employment depends upon the election of Taft. This is most effective argument or rather coercion and when resorted to as has previously been done in national campaigns has turned the tide in favor of the republican candidate from

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold—put on the label. Always read the label. Don't buy cheap. It is with a surprising poison. It is a strange how some things finally come about. For twenty years Dr Shoop has consistently warned people not to take cough mixtures or prescriptions containing Opium, Chloroform or similar poisons. And now—a little late though—Congress says. Put it on the label. If poison is in your Cough Mixture. Good! Very good! Hereafter for the sake of mothers and others, should insist on having Dr Shoop's Cough Cure. No poison marks on Dr Shoop's labels—and none in the medicine, else it must be on the label. And it's not only safe but it is said to be those that know it best, a truly remarkable cough remedy. Stomach troubles would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and one to the kidneys. When these "inside nerves" fail, then the organs must falter. Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 58 hours after starting the Restorative treatment patients say they realize a gain. Sold by G. M. Ramsey. 156-1mo

Baptist State Convention Favors the Plan.

Muskogee Ok., Oct. 29.—What promised to be a warm fight over a resolution indorsing the state dispensary system was squelched tonight when Senator Billups in a lengthy address championed the resolution swung the Baptist State convention in line and the following resolution presented was unanimously adopted

'The Baptists of Oklahoma in general State convention assembled, record with pride the forward step taken by the people of Oklahoma in the adoption of State-wide prohibition. We congratulate the Legislature in the enactment of the Billups prohibition enforcement law and we indorse same in its entirety and earnestly recommend its adoption in its entirety'

NIGHTRIDERS' CONSTITUTION

Union City Tenn Oct 29—It is reported here this morning on what is considered good authority that the constitution and by laws of the night riders were procured and brought here yesterday and it is believed will be placed in the hands of the grand jury. The constitution and by laws among other things provides that no bank or trust company will be permitted to make any loans large or small for a greater rate of interest than 6 per cent and further that after the first day of July 1909 no farmer will be allowed to employ any colored help on his farm and that all negroes will be notified to leave the county under penalty of death that all merchants shall sell their goods and merchandise at not to exceed 10 per cent profit and otherwise reselling all wages to be paid to the farmer for help and a similar thing the price of all farm products to be sold cotton corn etc

These by laws show that the organization does not only comprise the night riders of Otton County but includes night rider organizations all over the country

Militia Weeding Out Prisoners.
Camp Nemo Redfoot Lake Tenn Oct 29—Today was a quiet one with the militia here. No detachments went out in search of night rider suspects or witnesses and but one prisoner was brought in by the civil authorities

Gov Patterson had a number of suspects and witnesses before him today among them Frank Fertner who made a confession Wednesday night Fertner is kept under strict guard and it is believed he will escape severe punishment because of having turned state's evidence but nothing has been promised him. The

weeding out of prisoners has begun and thirty five who have been able to give satisfactory accounts of themselves were released today

BRYAN AT SHERMAN'S HOME

Utica N Y Oct 29—Paying a visit to Utica the home of James S Sherman republican vice presidential nominee William J Bryan the democratic candidate for president got a great demonstration

It was one of the best meetings of the campaign he said upon returning to his car. The opera house where he spoke was inadequate to accommodate the crowd which had assembled to hear him and he made an overflow talk to double the number outside. In his remarks Mr Bryan discussed the issues of the campaign generally and put to a vote several of the questions embraced in the democratic platform. These included publicly before the election of campaign contributions election of senators by the people and a labor representative in the cabinet. No hint was raised when he asked if there was any one present who believed the propositions laid down in the republican platform were right. I will ask said he the next men traveling with me to send out to the country the fact that the home of Mr Sherman does not endorse the action of the republican national convention

Is it a condemnation of that convention he asked which so outrageously misrepresented the sentiment of the people both republican and democratic?

Mrs H Whittaker and daughter Mrs S S Chilson came in from Philadelphia this afternoon for a visit with Mr and Mrs W S Whittaker

Mrs Ethel Lewis returned to Sulphur today

ROCKEFELLER--TAFT

New York Oct 29—In making public the announcement today of his intention to support Judge Taft for the presidency John D Rockefeller said in the statement which was issued from No 26 Broadway that he felt the more impelled to answer the question as to which party he would uphold next Tuesday because it can not be said that the present administration has in any way whatever favored the special interest to which my life has been devoted

It seems to me at this time when the question is put directly to any American citizen which candidate he will support by his vote for the presidency he should be mainly enough to answer it just as directly I therefore say that I expect to cast my vote for William H Taft Mr Rockefeller said

If for no other reason I support Mr Taft because on comparing his personality with Mr Bryan his chief opponent I find the balance of fitness and temperament entirely on his side. The election of Mr Taft will I believe make for law and order and stability of business. He is no man I prize to adventure with rash experiments to impede a return to prosperity by advocating measures subversive of industrial progress

The question of candidates seems to me peculiarly a personal one in this campaign as the leading orators on both sides have not succeeded in drawing party lines as based on platforms with any great clearness. I do however support the general republican position on the tariff and the currency. I have always been a republican

I feel the more impelled to answer this question because it can not be said that the present administration has in any way favored the special interest to which my life has been devoted. That however does not excuse me from publishing my opinion and doing what I consider my duty as a citizen

Savannah N Y Oct 29—Mr Bryan tonight was shown telegrams saying

John D Rockefeller in signed statement says he is for Taft and that temperamentally he is superior to Bryan

When Mr Bryan was asked if he cared to comment upon this he laughed uproariously made a sweeping bow and said

After you my dear Mr Roosevelt

Loans on City Property.

The Grafters State Committee which sometimes usurps the name of the Republican State Committee is running the story over the country that the state school fund is used to make loans on city property in Oklahoma City El Reno Enid and other places

This is a falsehood and the committee that is putting it out and the speakers that are quoting it in their speeches know that they are not telling the truth when they make this statement

In no instance has a single mortgage loan been made from the school fund on anything but improved farm property. The Constitution of Oklahoma written by ninety nine democrats requires that these loans be made on improved farm lands only. There is a provision of law however which says that this state school money is to be deposited in limited amounts in the different banks of the state as a temporary deposit until checked out to make farm loans or purchase county or state bonds and while so deposited the bank gives collateral security which may be county warrants, state warrants mortgages on any kind of improved real estate and other classes of collateral named in the statute, and when those newspapers and speakers tell you that such loans are made you tell them there is a standing offer of one hundred dollars in cash offered by the Secretary of the School Land Department to any one who will show that a single city property loan has ever been made. L D MARR, Secretary School Land Department

Keep up the beginning in public improvements and let citizens who can afford it beautify their homes by putting down sidewalks, planting trees, painting and whitewashing. Let everyone co-operate in making the Ada beautiful.

It is a common occurrence for the hotels of Ada to be so crowded that late comers cannot secure beds. This indicates an interest being manifested in the city by prospectors as well as an increase in travel and business during here.

You must necessarily keep everlastingly hammering away at you wish to get results.—Democrat Herald

It is upon this theory that the News persistently urges the building of good roads, the paving of streets and laying of sidewalks, the painting and whitewashing of residences and outhouses and fences, the planting of trees, putting out shrubbery and flowers.

The night rider kills people that he may get a higher price for his product. The highwayman kills in order that he may get money. The object

of murder in both instances is money. The night rider and the highwayman are on the same plane with the exception that the highwayman rarely kills women and children or tortures his victims.—Democrat Herald

Still you will hear supposed law-abiding people condoning the offenses of night riders and law breakers.

The national campaign is about closed and it has been a memorable one. It has been noted in one exceptional particular by the attempt of the managers of both parties to appeal to the honesty and patriotism of the voters and to impress upon these sovereigns the uprightness and integrity of the leaders of the respective parties. The day is passed for the man of a trusted record or questionable private character to occupy a position of honor either as a candidate or prominent in party councils in national campaigns. The great body of people will not longer submit passively to the tricks and deceptions of leaders if they know his character.

Without much doubt Mr. Bryan is the choice for president of a decided majority of the American people and yet they left unimpressed to cast their ballots he would be victorious. But with a reported slush fund of four million dollars contributed by the special interests that have thrived under republican rule with the view of deluding the voters in the doubtful states it may be possible to gain the election of Mr. Taft. The great industrial concerns, railroads and other corporations have been appealed to by the republican managers to exert their influence as employers and make it plain to the laborer that a continuation of employment depends upon the election of Taft. This is most effective argument or rather coercion and when resorted to as has previously been done in national campaigns has turned the tide in favor of the republican candidate from

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold—don't you should swallow a hot, scorching and caustic irritant. Don't blindly suppress it with a stupefying poison. It is strange how some things finally come about. For twenty years Dr. Shoop has consistently warned people not to take cough mixtures or prescriptions containing Opium, Chloroform or similar poisons. And now—a little late though—Congress says. But on the label, if poisons are in your Cough Mixture. Good! Very good! Hereafter for the very reason mentioned, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it is not only safe but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

Served as coffee the new coffee substitute known to grocers everywhere as Dr Shoop's Health Coffee will trick even a coffee expert. Not a grain of real coffee in it either. Pure healthful toasted grains malt nuts, etc., have been so cleverly blended as to give a wonderful satisfying coffee taste and flavor. And it is "made in a minute," too! No tedious 20 to 30 minutes boiling. Test it and see. Dr Shoop created Health Coffee that the people might have a genuine coffee substitute, and one that would be thoroughly satisfying in every possible respect. Sold by R S Tobin 156-1m

Stomach troubles would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practice. A tiny, inside hidden nerve, says Dr Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and one to the kid. When these "inside nerves" fail, then the organs must falter. Dr Shoop's Restorative is directed specifically to these failing nerves. Within 58 hours after starting the Restorative treatment patients say they realize a gain. Sold by G M Ramsey 156-1mo

ENDORSES DISPENSARY.

Baptist State Convention Favors the Plan.

Muskogee, Ok., Oct. 29.—What promised to be a warm fight over a resolution indorsing the state dispensary system was squelched tonight, when Senator Billups, in a lengthy address championed the resolution, swung the Baptist State convention in line and the following resolution, presented was unanimously adopted:

"The Baptists of Oklahoma, in general State convention assembled, record with pride the forward step taken by the people of Oklahoma in the adoption of State-wide prohibition. We congratulate the Legislature in the enactment of the Billups prohibition enforcement law and we indorse same in its entirety and earnestly recommend its adoption in its entirety."
